Since his arrest, conspiracy theorists have written to Kaczynski asking whether he might be the Zodiac Killer. In 2011, Kaczynski submitted a DNA sample to the FBI as part of their investigation into the deadly 1982 Tylenol poisonings.

# 1. From Ted to [REDACTED] — June 21, 2005

Dear Mr. [REDACTED]:

In an envelope postmarked 6/1/05 and bearing your return address, I received an unsigned, undated note that read:

“An individual you correspond [sic] posts on the internet [sic] claims you are Zodiac. I bring this to your attention because they recently befriended you.”

I am not a bit surprised. There are a lot of abnormal creeps out there who get some kind of perverted kick out of writing to notorious convicts, posting things about them on the Internet, and so forth...
