ACLU Privacy and Technology Project:

This is a message from the terrorist group FC. The FBI calls us "unabom." We are sending the New York Times a manuscript that contains a good deal of material that is relevant to the problem of technological invasion of privacy. We think this manuscript ought to be of interest to the ACLU Privacy and Technology Project. We have reason to hope that the NY Times will arrange for publication of the manuscript, but if they do not, we imagine they would be willing to provide you with a copy of it if you asked for one.
