

Former ELF/Green Scare Prisoner “Exile” Now a Fascist

Valdinoci

August 5, 2014

It's been an open secret for months that Nathan Block (better known as "Exile"), a former Green Scare prisoner who served a number of years in prison for several Earth Liberation Front actions, has become a fascist. This has been known not just through numerous personal accounts from Olympia, but from copious postings on his tumblr blog *Loyalty Is Mightier Than Fire* (Exile has confirmed to local anti-fascists that the blog is his).

Do you believe Anarchism and Nazism are compatible? All the anarchists killed by fascists could not be reached for comment.

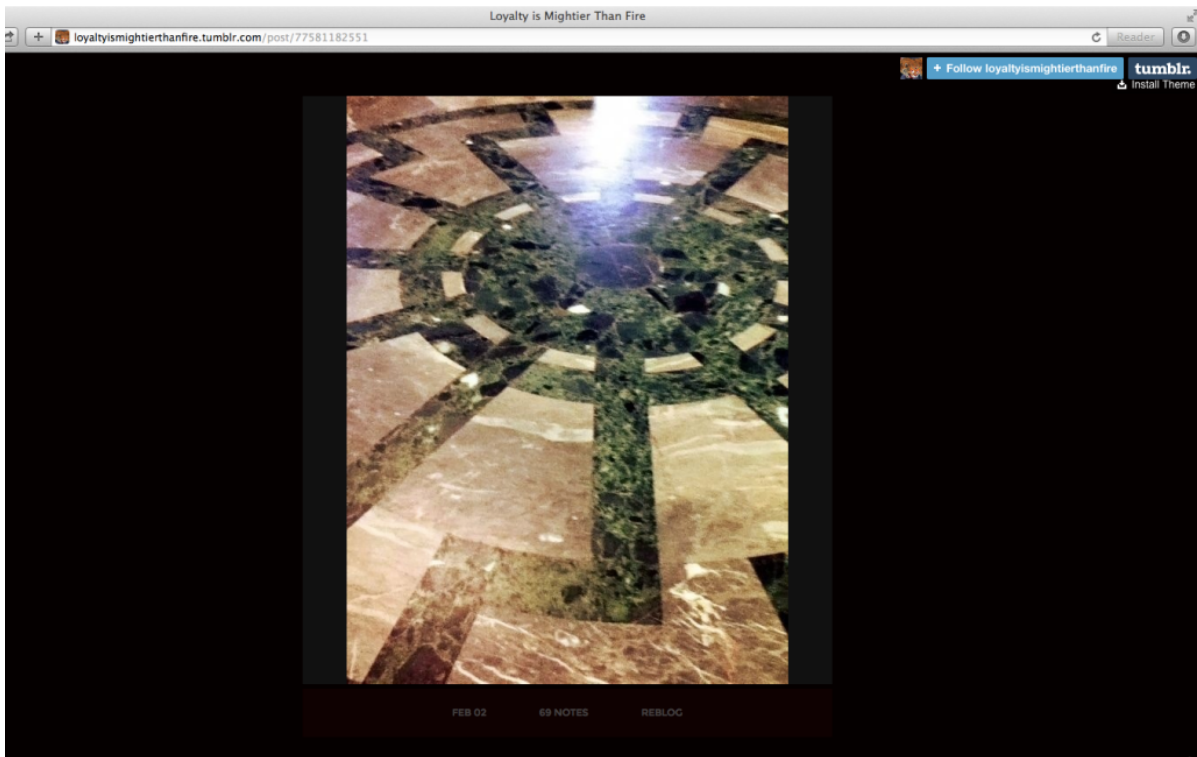

If you are unfamiliar with the more obscure references to Nazism and the postwar fascist movement, except a few decorated swastikas, Exile's blog might look like a creepy spiritual goth kid's elaborate art project. However, if you understand the references, it is immediately obvious that Exile is going out of his way to promote a slew of fascist writers and imagery, especially those influenced by Esoteric Nazism and other forms of mystical fascism.

The most prominent is Julius Evola, an Italian Traditionalist philosopher who attacked the "modern world" as decadent and corrupt. (Evola is the go-to guy for fascists who want a Situationist, Frankfurt School, or anarchist-style critique of capitalism and the consumer society.) Evola worked for the Nazi SS and was the main intellectual figure in Italy's vibrant postwar fascist milieu. Third Positionism – an anti-capitalist, racial separatist, and ecological version of fascism – has its origins partly in Evola. The very title of Exile's blog comes from a quotation in one of Evola's most famous

political books, *Men Among the Ruins*, and Evola quotes are found throughout the blog. Exile has told people that “Evola will show us the way.”

Exile also likes to quote Miguel Serrano, a postwar esoteric Nazi from Chile. Serrano, along with the better-known Savitri Devi, promoted worshipping Hitler as a deity. Serrano wrote numerous books about Hitler. These ideas of Esoteric Nazism have influenced the spiritual parts of the neo-Nazi movement such as the Hitler-worshipping New Order organization (formerly the American Nazi Party).

In addition to these obscure Nazi references, Exile’s blog contains a slew of other Nazi images, including swastikas, as well as black suns and runes used by the Nazis. Some of these images are reproduced below; they are taken both from his tumblr, as well as from his “Likes” on other tumblrs.

This photo of a black sun comes from the floor of the General’s Hall at SS leader Himmler’s castle in Germany.

The ‘wolfsangel’ rune, popular with German Nazis, the racist group, Aryan Nations, and present-day Ukrainian fascists.

Although they live in Olympia, both Exile and his partner Joyanna Zacher (aka “Sadie,” another former ELF/Green Scare prisoner) were associated with the Eugene, Oregon Green Anarchist scene in the late ’90s and early ’00s. They also have a long history of sketchy racist politics, as did an early contributor to ‘Green Anarchy’. (It is also worth noting that another ELF activist, Chris McIntosh, turned to White

Supremacy while in prison.) Exile and Sadie’s first post-sentencing statement ends with a reference to Charles Manson’s racist ecological philosophy ATWA (meaning either “Air Trees Water Animals” or “All The Way Alive”). Sadie repeated this formulation as late as 2012 in a letter from prison to the Earth First! Journal. Both in prison and out, Sadie and Exile have repeatedly made disparaging remarks about people of color, and Exile has made statements supporting white separatism, which Sadie defended when Exile was rightfully called-out for making them. Today, Exile and Sadie are part of the Black Metal scene in Olympia, where white separatist attitudes hold sway among at least some members of that scene.

The Pacific Northwest is an overwhelmingly white area because of the historical legacy of the extermination of Native Americans, the exclusion of African-Americans in Oregon, and the later regional popularity of the Ku Klux Klan. At the height of the neo-Nazi revival in the 1980s and 1990s, major Third Position racist organizers were based there. Along with other racists, they tried to turn the entire region into an all-white ethnostate. So it is no coincidence that Exile’s turn to white separatism occurred there.

It is also not a coincidence that Exile is embracing this trend today; crypto-, esoteric, and Third Position fascism is in vogue all over the United States and globally. This is part of a slew of active non-traditional fascist and white separatist organizing and cultural projects that promote obscure variations of fascism, white separatism, anti-jewish or anti-muslim conspiracy theories, as well as patriarchal and homophobic attitudes – all with vocal opposition to modernity and capitalism, and in support of environmentalism and animal rights.

It wasn’t that long ago that the now-liberal cities in the Pacific Northwest were home to a series of racially motivated murders committed by fascists. In 1988 in Portland, Oregon, Nazi skinheads associated with Tom Metzger’s Third Positionist WAR (White Aryan Resistance) murdered Mulugeta Seraw, an immigrant from Ethiopia. In Olympia in 1992, two WAR-associated Nazi skinheads murdered anti-fascist punk Bob Buchanan, Jr. in downtown Olympia.

While the skinheads’ politics encompassed a more familiar vulgar Nazism, they espoused the same ideas as the fascists of today – white separatism, criticism of global capitalism, environmentalism, and outreach to the radical left and counter-cultural scenes. Exile is part of this trend and this fascist history, and he should be excluded from all radical cultural and organizing spaces, and treated like the fascist he has become.

Here are some examples of things Exile *posts*:

The rune on the top is the “Algiz” or “life rune” which was used by the Nazis; the neo-Nazi National Alliance is also a fan. At bottom, is the Celtic cross, which is a well-known white-power symbol.

Serrano was a Chilean fascist who promoted worshipping Hitler as a deity.

Julius Evola is the go-to fascist for other fascists who want a serious intellectual reference.

keep a distance from everything that has only a human and especially subjectivist character; to feel contempt for bourgeois conformism and its petty selfishness and moralism; to embody the style of an impersonal activity; to prefer what is essential and real in a higher sense, free from the trappings of sentimentalism and from pseudo-intellectual super-structures—and yet all this must be done remaining upright, feeling the presence in life of that which leads beyond life, drawing from it precise norms of behavior and action.

For a time, Exile did not hide his Likes on his tumblr page. However, after being confronted by local anti-fascists, he hid them. Here is a super fun slide show of some of the things he *liked*:

This article was written by longtime Green Scare prisoner supporters in consultation with anti-fascists in Olympia, WA.

"For some forty years now I have been repeating that the Fuhrer did not die in the Bunker in Berlin. The secret leaders of Esoteric Hitlerism went with him in the direction of the polar refugees of the White Gods, like the unknown leaders of the Templars before them, the invisible guides of the authentic Rosicrucians, Vikings, Visigoths, Trojans and Hyperborean Siddhas. All of which concerns us in a special way, we few South Americans who, from birth, and even before, are the ones nostalgic for the White Gods, unrepentant searchers for Paititi, the City of the Caesars. We are changed into the advance guards-warriors-priests of Esoteric Hitlerism, who still remain on the surface of the earth to complete the heroic sacrifice and attain immortality, before or even after the Earth's destruction.

Before the dramatic and inevitable close of this Darkest Age. On crossing the threshold of the divine world, the doors of the City of the Caesars, we shall meet all those immortals there resurrected, able to enter into a new velocity of time. The supertemporal velocity of the Vimanas, or UFOs as they are called today. And we shall be face to face with the Fuhrer.

Yet for all this to be successful, we must first achieve the Initiation of Esoteric Hitlerism. It is not, therefore, a matter of searching for peaks, lakes, valleys, glaciers, Antarctic oases, the entrances to the underground world, the Alchemical City of mutations from lead, Paititi, without being first worthy to cross its threshold thanks to a previous synchronistic transformation achieved through the Initiation that also empowers the Esoteric Hitlerists to be admitted by "those who have gone before," into those Refuges of Eternal Life of the immortal Aryan Race. None who are not Aryan, twice born, will ever enter therein."

more police justice for Antifa

A mob of Kurdish immigrants stormed AntiFa's Berlin gang house and brutally beat them with baseball bats. The attack occurred just days ago. The Kurdish immigrants simply wanted to attack some white people, any white people.

The following night two members of a band that perform at the Antifa gang house were attacked by Kurds

The same thing happened during the Cincinnati race riots:

Members of a self-described "anti-racist" gang urged members in e-mails to join the Black rioters. One e-mail told White "anti-racists" to *try to get in front of media cameras so it could not be said that the rioters were "all Black."* At least two members of the gang did in fact join the Black rioters and **were brutally beaten.** A follow-up e-mail later announced that two of their members had been brutally beaten and **lamented that the Black rioters did not understand that the "anti-racists" were simply trying to help them.** One of the thugs is actually visible in a youtube video made by the CoCC. He is wearing a mask and standing in the middle of a bunch of hard-core black gangbangers waving a sign. **He was later brutally beaten for being white after the media cameras left.**

Antifa getting exactly what the scum deserve.

Sometimes reality can only be delivered via boot heel. Good to see the morons being re-educated.

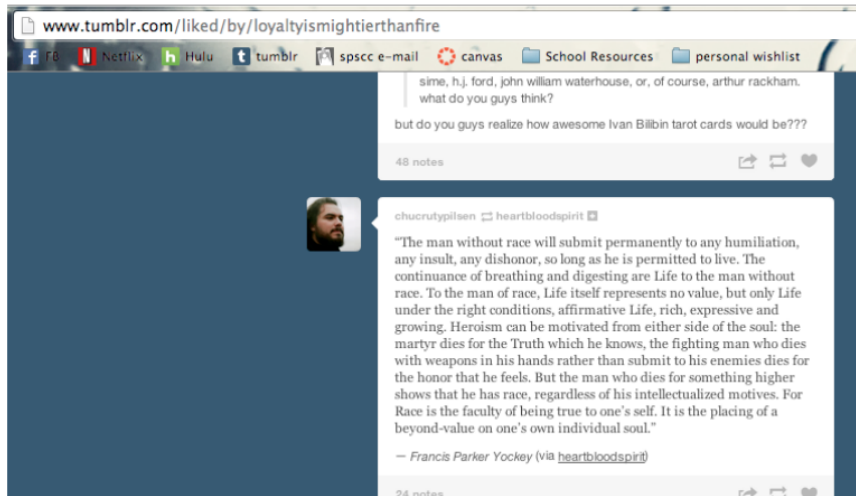

I'd buy those Kurds a coffee each in appreciation.
