

**Where Ted Kaczynski lived in
Lincoln, Montana**

Where the cabin was located has been relandscaped, but I'm sure there are plenty of nice walks in the mountains around there.

The makers of the film Ted K built a replica cabin on the same spot it used to exist and apparently have hours of unreleased footage and audio of the area.

In letters Ted would put his address down as Stemple Pass Road, Lincoln, Monana, 59639.

If you want to explore the area on google maps here is some info to start with:
Latitude, Longitude: 46.90829778019883, -112.65360060673764.

- Location of where the main cabin was
- View from the tops of the hills above Ted's cabin
- The road turning for Ted's cabin & where his postbox would have been

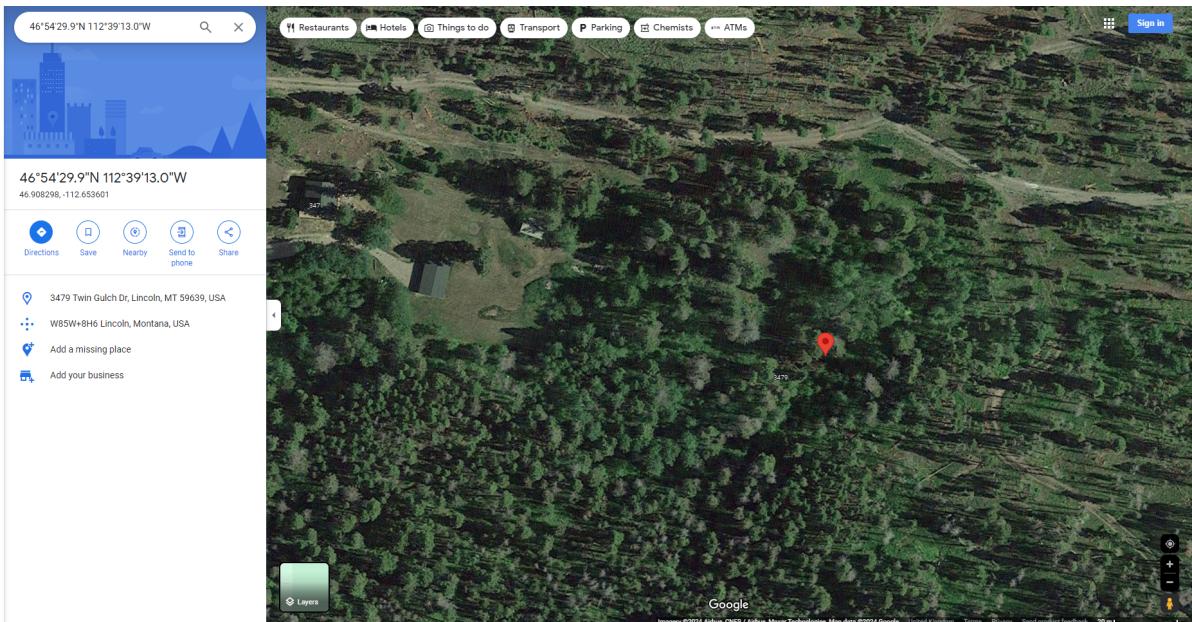

Two photos by Larry Mayer of the Billings Gazette from 1996:

A 1996 aerial photo shows the property where Unabomber Ted Kaczynski lived.
Kaczynski's cabin can be seen near the center of the frame.

An aerial photo from April 1996 shows the area of Montana where Unabomber Ted Kaczynski was apprehended at his remote cabin.
